## Safe Environments

We understand that safety and security are one of the most important considerations for any school. The same goes for technology within the classroom. You need a solution that gives you control over the security and restrictions being placed on the devices, and also the peace of mind that inappropriate material or apps are not making their way into your environment.

# Safe Environments

# Important Milestones

## Decide on any options

There may be options on your store to decide upon

## School Webstore Opens

Your unique store will open with exclusive pricing for you.

## Create Safe Environments

Our team work with the school to create the safe environment.

## Avoid Rollout Delays

The webstore will have a close date. Make sure to get your order in beforehand.

## Deployment Sessions

Our team arrive with your device and accessories on Deployment day.

## Begin Your Road to Success

Start your journey with iPad

Web store Opens: 1<sup>st</sup> March

Web store Closes: 30<sup>th</sup> June

Deployment Date: TBC
